

## INDIANS WIN AGAIN

A Run Away From Collins' Men

WITH A SCORE OF 9 TO 3

Again Take Four Runs in the First Inning, on an Error, Two Passes and Two Doubles—Other Games Yesterday.

Boston, Aug. 29.—Yesterday being ladies' day at the local grounds, there was a large delegation of the fair ones present to admire Napoleon Lajoie and his fighting Indians' work against Jimmy Collins' lowly Pilgrims. The day was almost ideal for a ball game, and the true blue fans were out in large numbers.

Everyone expected to see the locals turn the tables on their big rivals from the Forest City. Monday's defeat had filled the Collinsists with the spirit of revenge, and they went into yesterday's battle to make a desperate fight for the final honors. But again the fans were disappointed, for the Naps romped away with the game 9 to 3. As in the game Monday they practically won in the first inning, scoring four runs on an error, two passes and two doubles. Today the Indians play the final game of the Boston series. The score:

Innings ..... 1 2 3 4 5 6 7 8 9  
Cleveland ..... 4 0 2 0 2 1 0 0 0  
Boston ..... 0 0 2 0 0 0 1 0 3

GLASS CANNOT ROW.

One of Harvard's Best Men Must Give Up Place in Thames Crew.

London, Aug. 29.—Glass, one of the best men on the Harvard crew, will be unable to row against the Cambridge crew. His knee is so badly sprained that he will have to give up his place to either Flint or Morgan.

Cambridge has offered no objections to unavoidable changes, but the Americans would have liked to row on the Thames with the same men who rowed in the international race. It is feared that this will be impossible, as the doctor in attendance says that Glass will not be in shape to take his place in the crew by Sept. 8.

The other members of the Harvard crew are well. Racing experts are looking upon them more and more as dangerous rivals.

YOUNG BOY SENTENCED.

Napoleon Beausilier Got Three Months for Stealing Cigars.

Burlington, Aug. 29.—Napoleon Beausilier was arraigned in city court yesterday on the charge of stealing \$5 worth of cigars from Henry Rowley, who keeps the cigar and confectionery stand just north of the city hall. The boy pleaded guilty and was sentenced to serve not less than two and a half or more than three months at the house of correction. He was taken down yesterday noon.

Beausilier is only 12 years old and does not give promise to being an intellectual giant. He acknowledged the theft willingly enough but did not seem to have any idea as to what the penalty might be and cared less. The cigars were stolen from the old Boxer room in the Fletcher library, where the stock is kept over night. Beausilier forced an entrance into the room and got at the cigars, which he removed from the boxes. He was suspected by the police, who soon took him into custody and made him confess the theft. His father was with him in court.

BURLINGTON'S WATER SUPPLY.

Mayor Names Citizens to Confer With Health Board About It.

Burlington, Aug. 29.—Mayor Burke yesterday appointed the committee to consult with the state board of health relative to the action of the latter in directing the city of Burlington to purify its present water supply. The committee is composed of J. L. Southwick, C. F. Smith, M. D. McMahon, and Dr. F. E. Clark. Mayor Burke is chairman according to the terms of the resolution adopted in the city meeting some time ago, authorizing the appointment of this committee, and another to look into the matter of sewage disposal and the possibility of shifting the mouth of the intake.

The committee appointed will confer with the state board at an early date and during one of the board's meetings in this city.

The other committee, which was appointed by the mayor some time ago, will be organized as soon as possible and will go to work.

SMALL FIRE AT JOHNSON.

Vacant House and a Barn Burned—Adjoining Property Saved.

Johnson, Aug. 29.—A little before midnight Monday night the hose company was called out for a fire in what is known as the Mill house. It was vacant at the time and the origin is uncertain. The house and a small barn were burned, but by hard work the firemen were able to save the adjoining buildings.

The barn burned was filled with hay and was owned by John Laraway. The Mill house was owned by William Stearn.

MONUMENT TO ELIJAH KELLOGG.

Dedicated Yesterday Afternoon at Harpwell Centre.

Portland, Me., Aug. 29.—A monument erected to the memory of Rev. Elijah Kellogg, the author and writer of boys' books, was dedicated yesterday afternoon at Harpwell Centre. The monument is a rectangular shaft of granite about eight feet high, and stands on a slightly spot near the church in which for more than fifty years Mr. Kellogg preached. The dedicatory address was by Professor Henry L. Chapman of Bowdoin College, and other speakers were General Joshua L. Chamberlain of Portland and Professor Willmot B. Mitchell of Bowdoin College.

VETERANS AT THE WEIRS.

New Hampshire Association Opens Its Thirtieth Annual Encampment.

The Weirs, N. H., Aug. 29.—The thirtieth annual encampment of the New Hampshire Veterans' Association opened yesterday on the grounds of the association at Camp John C. Linehan on the shore of Lake Winnepesaukee. The encampment will last four days. A reception committee of five members, headed by the president of the association, William H. Trickey, welcomed the veterans and their friends as they registered their arrival at headquarters yesterday.

## HOPE FOR PEACE IN CUBA

Amnesty Offer May Solve the Problem

REBELS READY TO QUIT

But Guerra is Still Unwilling to Submit—Tobacco Men Say That a Long Revolt Would Ruin Their Industry.

Havana, Cuba, Aug. 29.—The enlistment of volunteers by the government has been suspended until the effect of President Palma's offer of amnesty to the insurgents can be determined. At the palace conference is felt that the great body of rebels, who have been carried away with the idea that they were to have a conspicuous part in the overthrow of the Palma administration, will seize the present opportunity to return to lawful pursuits rather than jeopardize their liberty by further supporting what the government characterizes as a hopeless case. Senator Dolz, the Moderate leader, following his conference with President Palma, declared early yesterday that with the exception of Pino Guerra all the insurgent leaders were prepared to disband their men if assured of immunity. Investigation shows that the statement is an exaggeration, but the impression is very general that the insurgents, with the exception of Pino Guerra, will shortly lay down their arms.

Guerra is yet to be reckoned with. If seemingly reliable reports can be credited, he has with him a formidable body of men, but his recent inactivity leaves the impression that he desires rather to make a display of force than to do any serious fighting. His earlier promises to capture Pinar del Rio and then to march upon Havana, followed by a period of inactivity, has apparently injured his prestige among insurgents and sympathizers who had expected him to make a bold dash against the government forces. President Palma's peace expressions of Monday have made a good impression, especially among business men, whose interests are seriously threatened by the disturbed condition of affairs. President Palma's son is now in the army and his daughter has become an army nurse. These enlistments have also had a good effect.

Secretary of the Treasury Fort Sterling said yesterday that during the past few days numerous inquiries had been received from many of the insurgent chiefs in Havana, Matanzas and Santa Clara provinces as to whether they would be presented if they laid down their arms. The government decided, therefore, as a general answer to such inquiries and in order to encourage other insurgents to submit to the government to issue an order to the commanders of the troops to grant amnesty to those who surrendered.

The pay of the artillerymen and rural guards has been raised, the officers getting a twenty per cent increase and the privates an increase of fifty per cent.

SILENT ON REFUNDING.

Secretary Shaw Resists All New York Inquiries.

New York, Aug. 29.—Secretary Shaw was at the sub-treasury yesterday on his way back to Washington from Boston. He expressed his satisfaction with the general financial situation. The secretary had nothing to say regarding the report that the treasury department contemplates retiring in advance part of the 4 per cent loans of 1907.

## STOLYPIN'S VIEWS ON REPRESSION RADICAL

Russia Rent by the Programmes of Rival Parties at Opposite Extremes, and Which Foment Strife.

St. Petersburg, Aug. 29.—The court at Peterhof apparently is divided as to how to meet the campaign of the terrorists. Premier Stolypin and his cabinet, however, have taken a stand against repression upon a scale which would drive the whole population into revolt. The premier's views are reflected by The Russia, which declares that the government must not be frightened into abandoning the reform programme. It is only necessary, the paper asserts, to draw a line between loyal opposition and those who by word and act seek the destruction of the government.

The above Vremya proposes "as an exit from the horrors of the worst kind of civil war" to confer upon the cabinet authority to "prepare a constitution which will realize the hopes of the sane liberals."

The Svet continues to advocate a consort of the powers to suppress anarchy and anarchy.

Against these comparatively moderate propositions, the reactionary party at court is urging a dictatorship, and the Strana publishes a report that upon the initiative of the council for national defense an extraordinary conference, somewhat similar to that which created the committee of public security after the assassination of Alexander II had been called to meet at Peterhof during the latter part of the week.

The funerals of the victims of the bomb explosion of Saturday last at the residence of Premier Stolypin occurred yesterday under military escort.

Police and troops yesterday surrounded a lodging house on Solovka street, Riga, where bombs had been discovered. The revolutionists inside fired with rifles from the windows on the attacking party and also threw a bomb, whereupon the troops riddled the house with bullets, killing or wounding all the inmates. Two men and a woman were killed.

At another place in the suburbs of Riga a Lithuanian student was killed and several were wounded while resisting arrest.

Many manor houses in the vicinity of Akhtirka, province of Kharkov, have been set on fire by the peasants and are now burning.

Two police sergeants and a rural guard were shot and killed on the street of Usovka, province of Saratov, yesterday, by revolutionists armed with revolvers.

ICELAND WANTS OUR GOODS.

Plans to Import Direct from the United States.

Copenhagen, Denmark, Aug. 29.—Telegrams from Reykjavik, Iceland, testify that the Icelanders are planning to bring about the direct importation of American goods, instead of by way of British ports, as heretofore. The imports from America, especially petroleum, wheat, sugar, and tobacco, have largely increased during recent years, and it is thought that the trade could be considerably improved with cheaper direct transportation.

The legislature of Iceland has decided to invite forty members of the Danish parliament to accompany the king of Denmark on his projected visit to Iceland in the summer of 1907.

BLOW TO POPE.

Spain Has Restored Marriage by the Civil Authorities, Despite Nuncio.

Madrid, Aug. 29.—A royal decree published yesterday, restores the civil marriage formalities and suppresses the obligation on the part of parties desiring to get married to declare their religion. This is directly opposed to the Papal nuncio's claim, and it is expected will arouse a political struggle when Parliament reassembles.

## HUGHES NOT A CANDIDATE

Has Not Said He Would Take Nomination

DECLINES TO DISCUSS

Ex-Governor Absolutely and Finally Refuses to Become a Candidate for Governor of Massachusetts.

New York, Aug. 29.—The Sun prints the following special from Lemington, England: Charles E. Hughes of New York, who was the attorney of the Armstrong insurance investigating committee, has been spending several days in the vicinity of this watering place and has been carefully avoiding all communication with his friends here or in America. He was sufficiently interested in the news of the New York political situation to ask all about the various gubernatorial candidates. "Everybody knows that I am not a candidate," said Mr. Hughes at the outset, "and I have had no communication with anybody in New York on any political subject since I left home. I have sent no message of any sort to Benjamin Odell, Governor Higgins or anybody else."

When pressed to say whether he would be a candidate for the nomination against Higgins or would run against Jerome, Mr. Hughes replied: "I am not going to set up any hypothesis and discuss it."

In answer to further questions Mr. Hughes said he had discussed the situation with friends before leaving New York, but did not know now who the candidates were and could not intelligently comment on the situation. He intended to look into the matter when he arrived home and make whatever statement he had to make in New York. He repeated, "I have given no assurance of any kind to anybody."

DOUGLAS SAYS NO.

Ex-Governor Refuses to Become a Candidate.

Boston, Aug. 29.—Josiah Quincy, chairman of the Democratic state committee, has issued the following statement: "On behalf of myself and others interested in the situation I have formally asked ex-Governor Douglas to be a candidate for the nomination against Mr. Moran. He has replied finally and definitely that he does not desire either the Democratic nomination nor the office of Governor, and that he does not feel that it would be proper or consistent with his dignity, having once been honored by the party with a nomination and election, to enter into any contest to secure a renomination. He is, of course, still deeply interested in seeing the tariff issue kept at the front. His name should now be wholly left out of consideration so far as the Democratic candidacy is concerned."

Mr. Moran is in error in his statement that the contest is now between himself and Governor Guild. He still holds to the idea that because on August 25 he is the only declared candidate in the field a majority of the delegates to be elected on September 25 and 26 will necessarily be in favor of his nomination. There are scores of Democrats in this State well qualified to fill the office of Governor. Three of them, Messrs. Whitney, Douglas and Sullivan, have thus far declined to enter a contest for the nomination. I believe that some other candidate will soon be found who will allow the use of his name.

THAYER OUT OF THE FIELD.

Will Not Be a Candidate for Governor Under Any Circumstances.

Worcester, Mass., Aug. 29.—Hon. John R. Thayer of Worcester, in a statement issued yesterday positively declared he will not be a candidate for the Democratic nomination for governor. "I will not be a candidate for governor this fall under any circumstances whatever."

BRITAIN'S EYE ON PERSIA.

Foreign Office Watchful of the Attitude of Germany.

London, Aug. 29.—The British government is fully alive to the critical condition of affairs in Persia and to the alleged efforts of Germany to obtain a footing there, and it is stated that steps will be taken by the powers to protect their interests when a crisis arrives. Thus far the foreign office says: "Nothing has occurred to justify outside interference."

The officials here do not believe that Germany is trying to secure an island in the Persian gulf as a naval base, as it would be at all times at the mercy of any hostile fleet. As for a commercial port, officials add, there cannot be any objection for her obtaining one.

Correspondence of President Now Wears Simple Form Dear to Carnegie.

Oyster Bay, N. Y., Aug. 29.—The reformed spellings advocated by the simplified spelling board were employed in President Roosevelt's official correspondence for the first time Monday. The list of the 300 words which Professor Brander Matthews and his colleagues have prepared was received by Secretary Loeb several days ago, but it was deemed advisable to give the executive office stenographers a little time to get acquainted with the new forms before putting them into use.

Since the President has become the avowed champion of spelling reform, he has been deluged with letters upon the subject. The majority of the writers express their approval of the course he has taken, but there are among the letters some which are bitterly sarcastic.

The President's mail of late has been unusually heavy. In addition to the epistles which his crusade to redeem the English language from the error of its ways has called forth, the President is also being showered with requests from persons who overrate their own official importance and who desire to witness the big naval review on September 3 from the deck of the President's yacht Mayflower, or at least from one of the battleships.

The expectations of these individuals who have become so suddenly enthusiastic over the growth of the United States navy, Secretary Loeb is compelled politely to disappoint.

NOT AFTER ALCOHOL.

Standard Oil Company's Counsel Ridicules Rumors.

New York, Aug. 29.—M. F. Elliott, general counsel for the Standard oil company, was shown the telegram from Peoria, Ill., to the effect that the Standard oil company had taken steps to acquire all of the principal distilleries in the United States, as the result of the passage of the denatured alcohol law, by Congress.

"Nothing could be more absurd," said Mr. Elliott. "The Standard oil company has taken no steps in this direction whatever, nor will it. We have no interest whatever in buying up distilleries or in the manufacture of denatured alcohol. There has been no negotiations to this end and no talk of any."
